WORK EXPERIENCE

Sr.Designer | Landmark Group (Lee Cooper & DNM) | Dubai, UAE **May 2024 – Present**

- Proactively managed and owned the end-to-end design lifecycle for two denim brands across menswear and womenswear, aligning collections with brand identity, global trends and regional market preferences.
- Conceptualise seasonal collections, trend boards and range plans, translating trend research (WGSN, catwalks, street style,Edited) into commercially viable, fashion-forward ranges.
- Collaborate closely with Buying, Merchandising and Production teams to execute creative vision and deliver commercially successful product on time.
- Manage the design process end-to-end: track critical path timelines and prepare tech packs, CADs and fabric-trim sheets for supplier meetings and bulk production.
- Analyse sell-through data and customer feedback with Buying and Merchandising to inform future design decisions.

Designer | The Souled Store | Mumbai, India **February 2021 – March 2024**

- Coordinated with cross-functional and creative teams to develop fashion products across women's, men's and kids' categories, from concept through to launch.
- Interfaced with pattern makers and manufacturing teams to execute successful, quality-compliant product launches.
- Managed a team of two junior designers and mentored interns and college students on final-year design projects.
- Illustrated graphics for licensed properties (Pink Panther, Popeye, Marvel, DC); designed the highest-selling Truck Art and Stranger Things collections.

Designer | Spring Man Apparels | Mumbai, India **May 2019 – January 2021**

- Spearheaded end-to-end design and development for men's and women's clothing, from original flat sketches through to tech packs.
- Conducted global trend research and competitive analysis to inform seasonal lines presented to senior leadership.
- Sourced and evaluated fabrics and trims with vendors and mills, collaborating with Buying, Merchandising and Product Development on print, fabric and trim selections.

Buying & Planning Intern | Reliance Ajio | Bangalore, India **August 2018 – December 2018**

- Supported the buying and planning process, aligning design concepts with assortment strategies, sales goals and market demand.
- Researched contemporary fashion and graphic trends, translating insights into on-brand, trend-forward applications.
- Led fabric sourcing and tech pack creation; regularly presented style and fit proposals to senior leadership.
